

OVERVIEW

“Better Service at Lower Cost – Optimizing Essential Services for the Future of Marin”

Released: June 11

Summary of Report

The report addresses several matters related to special districts in Marin including:

- Special district service levels and delivery
- Opportunities for shared services with the County of Marin
- Special district governance, accountability and workforce capacity
- Efficiency, collaboration and consolidation

Summary of Proposed Response

Establishes the role of Marin County and the Board of Supervisors including:

- Special districts are independent from the County with their own governing boards; Marin LAFCo tasked by the state to complete service reviews
- The County provides shared services to several special districts and will conduct outreach to understand further interest in offering this further
- The County remains available to assist special districts with recommendations raised in the report including development of Key Performance Indicators on a voluntary basis
- Recommendations will not be implemented because the Board of Supervisors cannot direct independent special districts or oversee compliance with the recommendations
